10 February 2017	
9:00	Short welcome and intro
9:05	The user's perspective <i>Anne-Sophie Parent, AGE Platform Europe</i>
9:30	<p>Discussing technology in different life phases – Parallel sessions The session groups discuss their topic focusing on the different life phases</p> <ul style="list-style-type: none"> • People in the later stages of working life • People who have left full time paid work but are still healthy and active • People in the final phase of life, where they are to some degree dependent on others for the activities of daily life <p>Questions to guide the discussion:</p> <ul style="list-style-type: none"> • What are, and what might be in the future, the aspirations, needs and opportunities facing older people which might be addressed by ICTs? • Which are already being addressed? • Which could be addressed? • Are there any which should not be addressed in this way? • Would it be worthwhile to address specific issues in a project? <p>Parallel session 1: Acceptance <i>Moderator: Stephen McNair. Rapporteur: Denice Moi Thuk Shung</i></p> <p>Parallel session 2: Accessibility <i>Moderator: Daniel Egloff. Rapporteur: Karina Marcus</i></p> <p>Parallel session 3: Impact <i>Moderator: Kerstin Zimmermann. Rapporteur: Annette Angermann</i></p>
11:30	Coffee break
11:45	Feedback by session rapporteurs – Plenary session <i>Moderator: Primož Pristovšek</i>
12:15	Closing remarks – Plenary session Wrap up and joint closing statements from the three initiatives <i>Daniel Egloff, AAL</i> <i>Edvard Beem, MYBL</i> <i>Rossella Magli, COST</i>
12:30	Networking lunch

Format of the Parallel Sessions

For each of the parallel sessions, participants will be divided into three groups of around 20 people with a mix of expertise:

- Acceptance
- Accessibility
- Impact

Each session will be facilitated by a moderator and rapporteurs will be in charge of reporting later at the plenary sessions.

Day 1

Each participant will make a 1-minute statement related to the issues for exploration of the topic.

After this, the group will discuss the distinctive issues regarding Acceptance, Accessibility or Impact.

Rapporteurs will report later at the plenary session.

At the end of the day, a speaker will give a keynote introducing the different life phases. This will serve as input for the life phases to be taken into account the next day.

Day 2

Parallel session groups will consider the life phases and discuss the distinctive features in relation to Acceptance, Accessibility or Impact.

Rapporteurs will be asked to present brief summaries of the discussed issues, reached conclusions and any recommendations for action for any of the three initiatives.

Overall moderation of both days: Daniel Egloff, AAL and Annette Angermann, MYBL
